

The American Society of Mechanical Engineers

QUALITY SYSTEM CERTIFICATE

This certifies the named company as having had the adequacy of their quality system verified for the scope of the activity shown below in accordance with the applicable rules of the Boiler and Pressure Vessel Code of The American Society of Mechanical Engineers (ASME). The certification granted by this certificate is subject to the provisions of the agreement set forth in the application. This certificate does not include authorization to use the ASME Single Certification Mark. Any material produced under this certificate will have been manufactured strictly in accordance with the provisions of the ASME Boiler and Pressure Vessel Code.
